FREE VIRTUAL TRAINING

Excavation and Trenching Safety

The American Road & Transportation Builders Association (ARTBA) in partnership with the Northwest Center for Occupational Health and Safety at the University of Washington is offering a comprehensive training program developed to educate on the hazards found in trench excavation work in the transportation construction industry.

WHAT YOU WILL LEARN

• Identify basic hazards associated with trenching & excavation
• Explain how protective systems work and how the protect workers
• Describe inspection requirements, duties of the "Competent Person", and other safety considerations in trenching and excavation work

VIDEO CONFERENCE FORMAT

This course will be held via Zoom video conference. Participants are required to have a broadband internet connection, and a desktop or laptop computer with a microphone and camera. Registered parties will receive information on creating a free zoom account, as well as webinar access instructions and course materials prior to the course dates.
