Live, Virtual Lecture

COVID-19 and Occupational Medicine

# POST-ACUTE COVID-19

Occupational & Environmental Medicine Grand Rounds Lecture Series 2020-2021

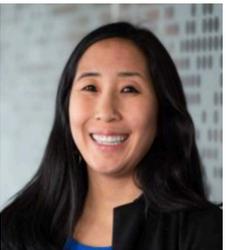

**February 4, 2021, 6:30-8:00pm**

Live, virtual lecture using Zoom video conferencing technology.

## FEATURED SPEAKERS

**Eric J. Chow, MD, MS,  
MPH, FACP, FAAP**  
Infection Disease Fellow  
University of Washington,  
Allergy & Infectious  
Diseases

**Hee Yon Sohng, MD,  
MPH**  
Physician, Occupational &  
Environmental Medicine  
Kaiser-Permanente,  
Seattle

**Geralyn L. McClendon, RN, BSN**  
Occupational Nurse Consultant Manager and  
External OMD Consultant Contract Manager  
Office of the Medical Director, Department of  
Labor & Industries

**Course moderated by Ann Tu, MD, MPH,**  
OEM Practitioner University of Washington Hall  
Health, & Kaiser-Permanente, Seattle

## LECTURE OVERVIEW

Over the past few months, evidence has mounted about serious long-term effects of COVID-19. Patients--many of whom have recovered from mild to moderate disease--report symptoms that persist or even develop after the initial viral infection, and are often relapsing and remitting in nature. In one recent report, 60% of recovered noncritical patients studied had persistent symptoms 3 months after discharge\*.

With daily increases in the number of COVID-19 cases in the US and worldwide, it is likely that the number of people experiencing long-term symptoms will also continue to grow.

Important considerations for the occupational medicine practitioner include: how this syndrome impacts return to work decisions, and claims management if the initial viral disease is work-related.

During this lecture, Dr. Chow will describe the post-viral syndrome—what is known and what is theorized, what is being studied, and potential treatment strategies using a multidisciplinary and integrated approach. Dr. Sohng will present some cases from her occupational medicine practice.

The panel, including Ms. McClendon, will be available for a participatory discussion with the audience.

\*Lancet (Aug, 2020)

## REGISTRATION & LOGISTICS

**Registration Price: \$49**

To register, visit [osha.washington.edu](https://osha.washington.edu) or contact [ce@uw.edu](mailto:ce@uw.edu) or 206-685-3089.

Lecture will be conducted live, using zoom video conferencing technology.

## ACCREDITATION

### Continuing education for the activity has been approved.

The Centers for Disease Control and Prevention designates this live activity for a maximum of 1.25 AMA PRA Category 1 Credits™.

Please see [osha.washington.edu](https://osha.washington.edu) for complete information on the types of continuing education available.

## ABOUT OEM GRAND ROUNDS

Occupational and environmental health exposures cause thousands of illnesses and injuries each year. This lecture series addresses the evaluation, treatment, and prevention of disease and injuries related to environmental and occupational exposures encountered by physicians and their colleagues in local, regional, and international settings.

At this venue for education and professional networking, join us as we explore:

- Current issues and emerging trends in occupational and environmental medicine
- Practical applications of new scientific discoveries
- Best practices in occupational and environmental medicine

The Occupational and Environmental Medicine Grand Rounds Lecture Series is offered virtually via live, two-way video conferencing technology. Please see [osha.washington.edu](https://osha.washington.edu) for remaining series schedule.

#### Planning Committee:

Debra Cherry, MD, MS  
June Spector, MD, MPH  
Esi Nkyekyer, MD, MPH  
Arthur Wendel, MD, MPH  
Nancy Simcox, MS  
Sarah Wolz, MS  
Ann Tu, MD, MPH

#### Sponsors:

OEM Grand Rounds is supported by the Northwest Center for Occupational Health and Safety, Department of Environmental and Occupational Health Sciences, University of Washington School of Public Health

## INTENDED AUDIENCE

This lecture series is designed for occupational and environmental medicine practitioners, including MDs, DOs, RNs, ARNPs, and other health care professionals involved in treating patients with multiple or complex medical conditions in occupational and environmental medicine; health care administrators, workers' compensation and claims professionals, and public health professionals.
