Each year thousands of workers are killed and millions more injured or diseased because of their jobs.

Please join us on Worker Memorial Day to honor those who died in 2018 from a work-related injury or illness in King County. This special ceremony will raise awareness about how we can strengthen our commitment to make jobs safer and save lives in Washington State.

Keynote Speaker: Gary Franklin

*Medical Director, Washington State Department of Labor and Industries
Research Professor, DEOHS and Department of Medicine, and Adjunct
Research Professor, Department of Health Services, University of Washington*
