

Opt-In Form for OSHA's Find a Trainer Website

https://www.osha.gov/dte/outreach/outreach_trainers.html

OSHA has a website where the public can search for an Authorized Outreach Training Program trainer in their area. Authorized trainers must opt-in to be listed on the website. Trainers are not required to opt-in.

If a trainer opts-in, the trainer's information is taken directly from their account on the Pacific Northwest OSHA Education Center's website.

The following information will be publicly available by opting-in:

- All industries in which the trainer is authorized
- Trainer's first and last name
- Trainer's city
- Trainer's state
- Trainer's phone number

Yes, I would like my information posted to OSHA's "Find a Trainer" website.

No, I do not want my information posted to OSHA's "Find a Trainer" website.

Trainer Name: _____

Trainer Signature: _____ **Date:** _____
