Current issues and emerging trends in occupational and environmental medicine

Practical applications of new scientific discoveries

Best practices in occupational and environmental medicine

Occupational and environmental health exposures cause thousands of illnesses and injuries each year.

This lecture series addresses the evaluation, treatment, and prevention of disease and injuries related to environmental and occupational exposures encountered by physicians and their colleagues in local, regional, and international settings.

At this venue for education and professional networking, join us as we explore:

* Current issues and emerging trends in occupational and environmental medicine
* Practical applications of new scientific discoveries
* Best practices in occupational and environmental medicine

May 7, 2020

Risk Communication for Insidious Population Health Disasters

Bruce Lanphear, MD, MPH
Investigator, BC Children's Hospital
Professor, Faculty of Health Sciences, Simon Fraser University

About the Speaker

Bruce Lanphear, MD, MPH, a Professor of Health Sciences at Simon Fraser University in Vancouver, British Columbia, is vexed by our failure to control the largely preventable, worldwide epidemic of chronic disease from widespread exposure to pollutants, toxic chemicals and excess consumption. He produces videos to show how our health is inextricably linked with the environment and to elevate efforts to prevent disease.
Registration
In-person registration includes lecture, a light meal and networking hour, and parking.

In-Person Networking Lecture: $50
Live Webinar: $25

To register, please visit osha.washington.edu or contact the UW DEOHS Continuing Education Programs at 206-685-3089 or ce@uw.edu.

Interested parties located in or near Tumwater, WA, are invited to join colleagues at the WA State Department of Labor and Industries for a group viewing of the live webinar broadcast. Please see osha.washington.edu for more information.

Intended Audience
Occupational and Environmental Medicine Physicians, Physician Assistants, Nurses, and other health care professionals involved in treating patients with multiple or complex medical conditions in occupational and environmental medicine.

Accreditation
Continuing education for the activity has been approved. The Centers for Disease Control and Prevention designates this live activity for a maximum of 1.25 AMA PRA Category 1 Credits™.

Please see osha.washington.edu for complete information on the types of continuing education available.
