OSHA 7200: BLOODBORNE PATHOGENS EXPOSURE CONTROL
For Healthcare Facilities

This course covers the development and implementation of Exposure Control Plans (ECP). Course topics include understanding the OSHA Bloodborne Pathogens Standard, determining potential exposure and methods of control, developing an ECP, vaccinations, exposure incidents, training, and record keeping.

WHO SHOULD ATTEND
Safety managers, industrial hygienists, human resource managers, healthcare providers, supervisors, and others with responsibilities as required by an employer's Bloodborne Pathogens Exposure Control Plan in industries where occupational exposure to blood or other body fluids occurs. In addition to healthcare, industries include: dental offices, laboratories, emergency services, fire departments, law enforcement, paramedics, care facilities, funeral homes, correctional facilities, tattoo and body piercing, lifeguards, childcare, maintenance, janitorial and custodial services with occupational exposure to bloodborne pathogens, and any workplace where employees handle discarded needles.

EMERGENCY SAFETY SPECIALIST CERTIFICATE PROGRAM
OSHA 7200 serves an elective course in our new Emergency Safety Specialist Certificate Program. This certificate program provides a solid foundation in safety for Safety Officers, Assistant Safety Officers, and other positions in an incident command structure. This program is intended to augment training taken through FEMA, in order to provide skills and knowledge necessary to ensure the safety of workers participating in all phases of an incident/emergency response.

The Emergency Safety Specialist Certificate Program consists of 4 required courses and 3 elective courses to be taken through the Pacific Northwest OSHA Education Center. Participants are also required to complete FEMA’s IS-100.b, IS-200.b, and IS-700.a prior to enrolling in the Emergency Safety Officer Capstone Course.

For more information please see osha.washington.edu/certificate-programs or contact the Pacific Northwest OSHA Education Center.

To request disability accommodation, contact the disability Services Office at least 10 days in advance at: 206-543-6450 (voice); 206-543-6452 (Tty); 206-685-7264 (FAX); or dso@u.washington.edu (e-mail)
